

DCM Report 11/06/2025

Good evening District 11,

This month I was not able to make much progress on possible meeting locations. Next month I will have a more in-depth final report with a couple of location recommendations.

On October 4th I attended and District 11 hosted the Northern Illinois Area 20 (NIA20) Fall Committee Meeting. I want to express my thanks to any and all who were available to help. The event went well, and we had a lot of leftover food that made it's way to New Direction's Retreat facility in Woodstock so it did not go to waste.

On October 9th I hosted the Legacy of Service Concepts Study. There were no other attendees. I will let the next DCM decide whether or not the study should continue.

For the rest of the month, I helped with some planning of the SoberFest speaker panel. Our Delegate Erik reached out, and I accepted an offer to chair a panel at the Illinois State Conference on Traditions 10, 11, and 12.

I also had the pleasure of exchanging some emails on some questions about our traditions and some of the happenings over the past years at our General Service Board, Office and Conference. While I am no expert on any of the three, I am always available to anyone seeking more information or discussion. Please feel free to reach out any time via phone, text, or email.

Thank you,

Dan P.
